

HOPEFORCE
INTERNATIONAL

A COMPASSIONATE RESPONSE TO CRISIS AND DISASTER

HOPEFORCE.ORG

**How Can I
Help *after* the
Training?**

You Can Make A Difference!

Hope Force International is more than a team of dedicated individuals serving in disaster situations. We are supported by hundreds of friends, donors and committed Reservists from around the world. You've completed our HFI Training Intensive course – now what?

- **Stay current as a Reservist** and be prepared for a deployment.
- **Share your excitement about Hope Force** in your workplace, civic group or church. We have lots of cool tools including video presentations, brochures and newsletters.
- **Help us bring a Hope Force Reservist training to your hometown.**
- **Pray for our activities!** You can visit our website for up-to-date news, concerns, stories and opportunities.
- **Make Hope Force one of your designated charities.** A gift – large or small -- goes a long way with HFI. A growing number of our Reservists are choosing to make a monthly pledge to the work of Hope Force International, while others will make a one-time gift.
- **Talk to your employer.** Most companies offer a matching grant program, where they “match” gifts you make to your favorite charity. The paperwork is easy. In addition, companies often will allow paid “volunteer” days when you serve with Hope Force **AND** they will make a donation to us for the days you're with us.
- **Sponsor a child** in our adopted village of Sous Savanne, Haiti. Your pledge of \$29 a month provides food and health programs in the earthquake's aftermath.
